Boston, MA (September 10, 2021) – Live Nation New England is excited to continue the Get Vaxxed, Get Tix! program. In partnership with the City of Boston and Cataldo Ambulance, House of Blues Boston will be turning into a COVID-19 vaccination clinic again. Guests who get vaccinated at House of Blues Boston on Tuesday, September 14th from 12pm – 4pm will receive two free tickets to a show of their choice, for participating shows, while supplies last.

Cataldo Ambulance will be coordinating and administering the vaccinations. Guests are encouraged to pre-register by visiting <https://home.color.com/vaccine/register/boston> but walk-ins will be accepted. All guests and employees must wear a mask while on site.

“We are thrilled to support the City of Boston in their effort to get as many people vaccinated as possible,” said Don Law of Live Nation New England. “We hope that the Get Vaxxed, Get Tix! program will incentivize more people, especially all of the college students returning to the city, to get their shots.”

Guests who receive their vaccination on site at House of Blues Boston will receive two free tickets to a show of their choice. Tickets are subject to availability and are first come, first served. Shows must be at least two weeks after the guest will receive their final shot.

House of Blues Boston is located at 15 Lansdowne St. Boston, MA 02215
